RUPUS KING & CO.

FRUI OUR N. Y. CORRESPONDENT.

NEW Your, Monday, Aug 30. We are rejoicing to-day in a clean city-not three any instrumentality of the city guardian but through the agency of the elements, directed by a kind Providence. A most violent tropical min descended upon our streets for six or 8 hours on Saturday evening and night, and thoroughly cleaned even the most filthy of the filthy purlicus of the great metropolis. Sunday morning broke -not in brightness of skies, for the lingering clouds of the receding storm still obscured the heavens-but in brightness almost dazzling of our wilderness of paved streets. It was a joyful sight for, as our city corporation is sunk into the low est depths of Loco Foso corruption and degradation, and most scandalously neglect the duties of their station, while entering into all sorts of cor-rupt schemings and plunderings, there was teally some ground to apprehend that epidemic sickness of some sort might be induced by the combination of excessive heat and excessive filth.

It has been otherwise ordered, and by far other and higher beliests-and, really no old Dutch town, of which the streets were regularly scrubbed, could have looked cleaner and sweeter then our great city. Its health, so far as epidemies are concerned, may be considered secure for the season, for no such accumulation as that blessed shower carried off into the sewers and rivers, can again take place in our streets, before friendly frosts shall render official delinquency as to the

streets comparatively harmless. The same storm-for it extended far, and was companied by a heavy blow—is filling up our Hotels, and public places, with the dispersing thousands, who have been summering at various places-all, or almost all, of which, radiate from his city, and here find their common centre. It ims been a great season for travel, and con sequently for railroad stocks and hotel keepers -There are few surer indications of general ense and prosperity than the amount of pleasure travel, and the amount this year has never, I suppose, been exceeded. The fearful calamities of the Menry Clay and the Atlantic have turned a large current than usual, latterly, on the railroads, in preference to steamboats; and one can hardly

wonder at it. The Presidential canvass is beginning to assume more animation as the time for action ap-Some eight weeks now alone reins and in those eight weeks much remains to be and in these eight weeks much femanis to be done. There has not, as yet, been any great enthusiasm aroused on either side—indeed enthusiasm for such a negative as the Loco Foco candidates is impossible, and consequently all the tactics of his supporters here and hereabouts are confined to vite and wanton abuse of so great a bendector as Western's Scort, and to the most unscriptions fabrications concerning him permissible the first would vote for him because he is an Irishman, and the Yankees Sullivan.

The regular meeting of the Scott Volunteers

The number of the representatives of the people here is small; but every party, faction and dique, which has ever arrayed itself against defineracy in the west, is represented. Old bald mocracy in the west, is represented. Old bald faced, wall-syed federalism is here in the persons of scious from the aristocranic houses of Rufus of scious from the aristocranic houses of Rufus King and Alexander Hamilton. Abolitionism, red-month, dismion, constitution-destroying, blasphemous abolitionism is represented by Boorn Sholes and others of that ilk. Antimasony raises its gorgon-head here for the first time in Wisconsin, and publicly denounces the democratic ticket as the work of Free-masony. The "Jenny Lind Club" is represented by Crocker and Brown; the "Black Swan Club," by its blackest member. Whiggery in all its phases, disappointed Democratis; deteated candidates; sore-heads and sore eyes; whisky and piety; mingling like the "canglomerate pilars," of which we have read, making common cause—but not with a common object—some for revenge, some for plunder; some to elevate their friends, but more to destroy the organization of the democratic party, &c. &c.

The virulence of this diatribe shows plainly enough how nearly these old and rotten party backs are touched by the Independent movement And yet the very men, who so vehemently invoke the aid of regular nominations and the authority of party usages to save their ticket from deserved defent, and who denounce with such intense bitterness and savage hate all democrats who dere to assert the right of voling for the best men, irrespective of party, for Judicial offices-these idenhave been the very first to " bolt" and call for a new ticket, had the nomination for Chief Justice fallen upon Levi Hubbell instead of CHARLES H.

Protection to Home Labor.

The Nence waxes wroth with the Sentinel for claiming that the interests of the Farmer, the Mechanic and the Laborer would be promoted by such a change in our present Tariff as would discrimmate in favor of American, rather than British Industry. The News says:

Of a piece with this, is the violence and hotherded zeal with which the Sentiard urges the protection doctrine. It is not enough that the old theory of a high tavilf, for protection, has been abundoned by the whig party, and is never urged by its accredited organs. The Sentiard is true to the old federal dograns. Without faith in the honesty, or intelligence of the people, it seeks to impose upon them by fallacies and catchwords.

The "old federal dogma" of Encouragement o Home Manufactures and Protection to Industry counts among its most strenuous advocates such Democrats as Тиомая Jufferso JAMES MONROS, ANDREW JACKSON, and MARTIN VAN BUREN. By reference to their Presidential Mussages the News will discover that the "fallaeies and catchwords" it so dislikes are drawn from pure democratic sources. Modern Lucofocoism. like that preached by the News, does indeed repudinte the obligation of Government to protect the interests of the People, and cries up the pe-culiar beauties of British Free Trade with a zeal and pertinecity which must be highly gratifying to British Capitalists and Manufacturers. The London Times, the Manchester Examiner and the Milwanker Morning News, unite in his support, because he is "a valuable practical ally to the Commercial policy of England." Those who wish to build up British Manufactures, to support British Mechanics and to feed British Paupers, do right to vote for Piesce and British Free Trade. But all who would stand up for Home Interests; who desire to uphold American Manufactures; who wish to see our American Mechanics, Farmers and Workingmen busy and prosperous--all who believe that the Legislation of Government should be AMERICAN in its aims protectall the great Industrial Interests of the country against the ruinous competition of Foreign pauper labor and overgrown capital-all, in

A few Plain Questions for the Sindison Democrat and Argus to Answer.

The Democrat and Argus has lately published

2nd, Did not Mr. Larabee, on his return from the late session of the Supreme Court, state, at Dodge Centre and other places, that is case a certain gentleman, whose name he gave, was nominated for Chief Justice, "that we (meaning himself and friends) will call out Judge 4 hiton by letter, as a candidate, and elect him (Whiton) over him." meaning the supposed democratic nominee?

3rd, Did not A. D. Smith make a similar state ment and proposition to a gentleman in Rock county and propose, that, in case the Democratic State Convention did not nominate him, an Independent ticket should be brought out in opposision to it, consisting of Judge Whiton, for Chief Justice, and himself and Judge Stow for Associate Judges?

4th Has not Mr. Smith repeatedly opposed pective of party, for Junicial offices—these tuen-tical clamorers and sticklers for party usages would have been the very first to "bolt" and call for a cratic tickets since he has resided in Wisconsin? Did he not vote against John White, when he was the regularly nominated candidate for Sheriff of Milwaukee county, in 1844, and vote for Owen Aldrich, the Whig candidate:

5th. Did not Berish Brown, one of the pres

ent editors of the Democral and Argus, two years since, oppose the election of the Hon. E. B. Dean, the regularly nominated democratic candidate for the State Senate from Dane county, and support the Hon, Alex. T. Botkin, the Whig nominee for the same office? Did not Beriah Brown oppose the election of W. C. Wells, the regularly nominated democratic candidate for the Legislature in

the Mudison District?
6th, Did not Messrs, Brown, Smith and Lara bee, one and all, in the winter of 1850-1, after Gov. Dodge had been regularly nominated in the democratic caucus for a re-election to the U. . Senate, do their utmost to defeat the decision of said caucus, and endeavor to effect the election of another candidate? Did they not one, and all, attend and participate in, the deliberations of caucuses held for the purpose of breaking up the decision of the democratic caucus, and thus defeat the regular caucus nominee? And were not said opposition caucuses composed principally of Whig and Free Soil partizans and members

of the Legislature? 7th, If it is right for Messrs. Smith, Larabet and Brown to bolt regular nominations when hey please, when there are party issues involv-, why have not other democrats the same priilege at an election in which no partizan princioles are at stake and none can be effected by the A DEMOCRATIC VOTER. Dudge Centre, Aug. 31, 1852.

More Ald and Comfort.

The London Sunday Tones comes to the relief of Gen. Pierce. It says that the opinion has been culated in England that the "Democrats of America were the partisans of high protective draffs, and consequently inimical to the interests and policy of Great Britain, which notion was probably derived from the famous Kane letter of the late Mr. Polk. But this delusion has been dissipated by the light of truth and the mass of lissipated by the light of truth, and the mass of British middlemen have become convinced that in the matter of free trade, the Democracy of the United States is emphatically true to itself-General Pierce, the Democratic candidate for "the Presidentship, is pre-eminently the advocate

"of free trade."

Do the friends of Home Interests hear that ? It would seem that when the "Kane letter" was-written to deceive Pennsylvania, and when throughout that state, the "Democratic" barners of navigation and for the nurture of man;" that we should "protect the manufactures adopted to our circumstances," and that we should "place the manufacturer by the side of the Agriculturand the British free traders, so called; have found and that "Gov. Pierce is pre-entinently the advo-ente of free trade." The friends of home labor will make a note of it."

RIVER AND HARBOR BILL.-The Sheboygan liver and Harbor Bill, seeks to turn the fact to ccount as follows:

Leading Whigs tried hard to defeat the bill by council were requested to take measures to have amendments, in the hope of making party capital out of it; but a Democratic House and a Democratic Senate were invincible, and they Passen time. Bill, despite of Wing amendments.

The majority of the Democrats, in both Senate and House, voted against the Bill. Had its fate depend-ed upon the Democracy alone it would have been defeated by Etour majority in the Senate and by rwexry-two majority in the House. If the Sheoygan Journal is so confident that its democratic friends passed the River and Harbor Bill, why not publish the vote showing it? Why is it that and character and should be especially directed to all the Pieron papers in our State carefully suppress that vote ?

Dip'st Remember.—In the list of newspapers in Wisconsin, published in the Milwankee Sentime's few days since we see that the Beloit Journal is put down as a democratic paper—under the title of opposition, borrowed from Mr. Greeley, no doubt. Beautiful specimen of "decency" his; but calling nick-names shows the inner-man—of the Sentinel.—Monroe Sentinel (Loco.)

A rare confession, that! We didn't wonder at he Journal's scolding us for the blunder, but it is curious enough to see a "Democratic" paper charging us with "indecency," for styling a Whig paper "democratic, "or" opposition. Really, we didn't look at it in this light before!

Our old acquaintance, Jos Hasknel, turned up in the last Washington County Blade, as the Chairman of the democratic Convention in Port Washington County Blade, and author of a comnunication violently attacking the Taiff system. ORDER OF THE LONE STAR. - The New York Herald, that very reliable "democratic" sheet. publishes a list of members of the Secret Cuban Association, styling itself the Order of the Lone Star. Among the names we notice those of Gen. 11 o'clock : Felix Honston, Gen. Geo. Washington Dixon, Senators Douglas and Walker, Ex Senator Yulee all of the California Steamship owners, Col. Webb Capi. Rynders, Euseb Camp, the Beaches, and "George Washington Scrages" of Courtlandt

We copy them a a curious conglouceration names, rather than as placing any confidence in the rumor. We don't doubt, however that Senator Douglas and Gen'l Dixon are members.

GEN'L SCOTT'S ELEQUENCE.—Some Whig paper has cited as a specimen of General Scott's well timed eloquence his salutation of the brave Rifle Regiment, when, after breasting the shock of every battle from Vera Cruz to Mexico, they paraded with thinned ranks and scarred bodies in Grand Plaza of the city, and he rade to their front, and saluted them, exclaiming-My brave Rides. you have been baptized in fire and blood, and have come out steel :

The Cleveland Plaindealer takes exception to the praise bestowed upon that passage of thrilling eloquence, and says :

"Bonapaars was a thousand times mose eloquent, when he thundered out his famous" Up guards and at'em." That is correcting history with a vengeance !-We have always supposed that the Duke of Wellington was credited with the words quoted by

"CHARLOTTETOWS" MONEY .- The last Green Bay Speciator discusses, at some length, the ques-ton, whether the bills or checks of the "Bank of Charlottetown," which enter largely into the currency of Northern Wisconsin, being paid out by Contractors on the *Fox River Improvement," are good money. The conclusion to which the Spectutor comes may be inferred from the closing paragraph of its article, which is to this effect:

meeting of the citizens of Racine was held on pointed to draft the form of a bill, to be passed by the next Legislature, authorizing the city to loan its credit to the Racine, Janesville, and Misissippi Railroad to the amount of \$150,000 and

to the Lake Shore Railrond to the amount of \$50,-The bill was reported by Hon. Marshall M. Lake Journal, in announcing the passage of the Strong, and unanimously approved of. Resolutions were then passed, taking strong ground in favor of the movement, and the Mayor and Common

cratic Senate were invincible, and they Passer the Bill, despite of Wing amendments.

More "amendments" were officed to this bill by leading Democrat than by leading Whigs.—
The assertion that the Democrats of the House and Senate passed the bill is a glaring alsohood. The majority of the Democrats, in both Senate and House, voted against the Bill. Had its fate depended upon the Democracy alone it would have been larger than the party ticket for Judges. This is a leade beyond his power if they wan't stay read out. Thank God, it is not given to Beriah Brown, nor to any other man, to say who are democrats, or what constitutes democracy, No, democrats won't stay read out in neither will they be automatons.—Sheboygan Lake Jurnal (dem).

The Madison Democrat will be obliged to pu n extra snapper to its lash. Its attempt, thus far, to "whip in" the democracy to the support of the regular party nominations for Supreme Court Judges, don't seem to be attended with very flattering success.

Journal (dem).

A CALL TO THE FAITHFUL.—The Berlin Mercury (dem.) gives notice that it has received and is prepared to exhibit two excellent portunits of FRANKIIN PIERCE and WILLIAM R. KING. I adds:

These portraits are "engaged for the season, and that of Pierce is warranted not to faint it after the election. Let all the "unterrified" be hold the presentment of their noble leader. The Mercury don't mention what that "presentiment" is.

Wants to Know.-The Wisconsin closes orief notice of the Independent Judicial Convention with the following query : In review, we would observe that Hans Crock-er, W. W. Brown, Rouse Kingand Chas. A. Ham-ilton, late of New York, were delegates from this city to the Convention. Who made them dele-gates?

We take pleasure in calightening our inquisitive neighbors. Mr. Brown was appointed sub-stitute by Mr. Berntex of Lake, who was unable to attend, and Mr. HAMILTON was the substitute for Mr. Lynds, y Ward, of this city, who was likewise detained at home. Messrs. Cancers and King were selected by the Assembly Delegates to

We notice among the speakers the name of Mr.

A. D. Sarre, candidate for Associate Justice of the Supreme Court. We do not think that a candidate for the highest Judicial tribunal in the State appears to much advantage at a polinical meeting; but perhaps Mr. Sarre was doing a stoke of business on his own hook, rather than for Preace and Erro.

The Independent Judicial Convention was more fully attended than we expected it would be, considering the very short notice given of it. It has presented an excellent ticket, we know personally, as far as the first two candidates are concertained, and Mr. Enowlton was highly commended by men of all parties of the West. We cannot doubt that the ticket there presented will be triumphantly elected.—Free Democrat.

The Detroit Free Press states that at moon of the same day previous, the following despatch reached that city by the O'Rielly line:

Still further, we have the following in the Demuit Advertiser, under date of Wednesday evening

The America arrived at Halifax, on Tuesday evening. This morning telegraphic dispatches reached this city that the "market was down-bad weather." A short time afterwards, other telegraphic dispatches were sent, stating that "market was up."

A late private dispatch says there is a decline, and that great excitement prevailed in New York and Philadelphia, owing to false intelligence having been promulgated relative to the price of produce, in those cities.

There has been some foul play plong the line somewhere. It looks very much as if prices have been sustained, and speculators have succeeded in forwarding false intelligence.

CHARACTERISTIC.—The Wisconsin, in noticing he proceedings of the Independent Judicial Convention, travely out of its way to make the following attack upon Mr. Jantes S. Brown, an estimable and accomplished Member of the Milwau'rec

Bar:

They presented their favorite candidate and urged his nomination with great zeal, but he was not a favorite with whigs er demorats here or elsewhere, and of course was ingloriously threat, aside.—We understand that this gentleman algorated quite extensively to obtain the regular democratic nomination, and failing, fell back upon the strength of his own clique. He seems quite ready to take office from either democratic or their opponents. An importial man! What an impartial judge he would have made!

It is very true that the Delegates from this city and county were manimous in presenting to the Convention the name of James S. Baown as a Bay Specialor copies a statement from the N. Y. suitable caudidate for the Supreme Court. His Express to the effect that a large number of the jority of the Delegates preferred Mansmall M. Strone and in that choice Mr. Brown's friends cheerfully acquiesced. The charge that he first "figured" to obtain a "regular nomination," and then "fell back" upon the independent one, is a wanton fabrication-the offspring of small personal spite. Had Mr. Brown been the regular no-minee, the Wisconsin would have been that and most fulsome in praise.

The Wisconsin, in the same connection say that with many of the Whigs of this city (it might have added domestar too.) FEAN-CIE RANDALL was the choice, " and a man hard to beat he would have been." Very like, and none can doubt that Mr. Rangatt would have done honor to this station. Yet, had he, instead of Mr. STRONG, received the Independent nomination, the Wisconsin would have been among the fast to deery him.

THE LARE ERIE DISASTER -The Detroit Trihave learns that Capt. Ward has commenced suit against the owners of the propeller Ordensburg for the loss of the Atlanta rase, in a court of justice, will be looked for with interest.

I had been can good fortune to enjoy a personal acquaintance with Mrs. Romsons for many years; and it is a such pheatics to record the last tribute of respect to her memory, and to chemistics to them of sorrow for her early death. The heart that has trembblingly tred the vale of sorrow, drank deep of the cup of blutamess, and wept over the graving of its dearest large alone can realize the demise of the cherished one of earth. All Earth's cholest hour is had passing dream—a theleting, fading glow of light and happines—are death casts it shadowy mante ofer our vision, and leaves us to treat action; and done the ladyrinthic marce of the.

Mrs. Romsons adorned the social and family circle by those activities which dignity the wife and mother; and dituse a moral and intellectual excellency throughout the community. From Madison we learn that the following tick-thus been put in commution by the independent adiciary Convention, assembled on Wednesday

And the same put in command of the independent of the process of the command of the process of t langue contrast to A. D. Smith in this respect, who responds the other extreme of temperament, and and is just the man of all men who has no business on the beach. Of James H. Knowlton, we know little. We have frequently however, heard him spoken of as a man of ability, and great industry in ais profession. His personal character is excellent. We are quite sure he will lose nothing in contrast with his opponent, Sam Crawford.

There are two very good reasons why this tic-ken should be elected. One is, it is vasily the bet-ter ticket of the two; another, the presumption of this Pierce & King party in seeking to cram a puncly party ticket down the thaoats of the peo-sie, should be rebuiled.

Equally self-possessed was the bearing of the President, when he returned thanks to one of the Remonstrate crattors, who had made a very vigorous conslaught on General Scott, for aiding so efficiently the cause of old Chapultepec. "What do not mean!" replied the rather indiguant orator.

Oh, "ocolly responded the President, "you know in one part of your speech you said that the only segmented in the Pictorial Life of the old General, and you pounted to the various pictures of his great you pointed to the various pictures of his great you pointed to the various pictures of his great exploits, and when you had condinded, you three property of the property of the property of the property grabbed,—and some six or eight, very staunch Democratis retired to the wide-spread tent adja-cent to the meeting, and then one of them read the whole book, and when he had concluded, six the whole book, and when he had concluded, six strong Democrate declared that they were satisfied. "Old Fuse and Feathers" was the man, and they intend to vote for him in November; so you see, if old "Winn" in elected, you will be high up in the pictures." It was in this manner the gallest conginal Sectiman bore himself with undaunal firstness, and found even encouragement in circumstances which slightly shook the nerves of the meaker knowd of the party. Suffice it to say, that how proud soever the Democrats were of the display, none of them returned from Bayou Goula in Laker spirits than the delegation from the Scott Assessments of New Orleans.—New Orleans Indicate,
